Summary Comments:

Babis' stance on educational choice shows that she believes that your money belongs to the government. Her statement that healthcare is a right indicates that she believes that doctors need to be forced to provide healthcare if it comes to that. Beyond all this she has positions, but no solutions. And she is supported by the fascist organization Indivisible.

In contrast, Joe Gruters votes consistently for the people. Whether it is to turn over criminals who are here illegally to ICE, or to stop feeding red tide with pollutants, his votes are for the people.

We urge you to vote for Joe Gruters.
